To Whom it May Concern,

Support for Planning Application P212352/F – Robyn's Nest

I would like to fully support this application for an accessible home for the Vincent family. Not only will it provide a much needed home for them it also brings younger people into the village to enjoy the same benefits that my own children did. As my son has already said the bungalow is out of the way of everyone, it does no harm and gives them a chance of enjoying what we have. During the lockdown I have got to know the applicant's parents and I have met two of the grandchildren who will benefit from this new home [REDACTED]
