The following is a comment on application **P242558/O** by **Craig Haughton**

Nature of feedback: Objecting to the application

Comment: As an owner of a business in the construction sector It should be in my interest to support this development however I see serious red flags.

1. There is not the infrastructure in the south to support this huge influx of housing and people from schools and hospitals to leisure, which will lead to to potential crime as an occupation.
2. Herefords great divide of a one bridge issue will only be under even further pressure with people needing to get to the North for shopping and leisure
3. Rather than spreading the city wider and destroy our green fields, why dont we first fill in the pockets from the centre out which are decaying and stagnant and in need of redevelopment, so the city has a vibrant core.
4. With the Rotherwas being the centre of the counties commerce, shouldnt this land be preserved to allow business's to grow and expand.
