Yarkhill Parish Council Comments

Re-Consultation Planning Application 222728 – Whitwick Manor, Lower Eggleton HR8 2UE

Construction of an Anaerobic Digester plant with associated facilities

We have reviewed the latest documentation submitted by the developer's agent in support of the request for a re-consultation.

The applicant can continue to provide technical evidence to support his case, but the fundamental reasons why this application must be declined are irrefutable and cannot be mitigated.

The digester and plant will be:

- Hugely destructive to a beautiful area of rural Herefordshire
- Too large for its setting and its technology on this scale is untested
- The cause of an unacceptable level of HGV growth along country and populated routes
- The source of undoubted road accidents given the inadequacy of the entrance and egress layout
- Environmentally unhealthy resulting from, not least of all, the transport of chicken waste across vast swathes of Herefordshire
- Contrary to the MWLP which was only adopted 12 months ago.

Yarkhill Parish Council continues to object to this application.
