Subject: Planning application comment was submitted

The following is a comment on application '**P171532/O**' by '**Emma Brookes**'

Nature of feedback: Objecting to the application

Comment:

I object to there only being one road for all the extra traffic. The Bromyard road junction is not ideal for volume of traffic currently and certainly won't function with an extra 1000 plus cars. This will result in cars using local lanes to avoid the traffic jam, villages of Wellington Heath and Bradlow or the tiny Rhea lane which are totally unsuitable for high volumes of traffic. For the sake of the developer not wanting to pay the extra money to make a second exit happen the local residents will have to pay for years and years with traffic hell!
