**Subject:** Planning application comment was submitted

The following is a comment on application '**P192208/O**' by '**Jane Oakley**'

**Nature of feedback:** Objecting to the application

**Comment:**

I wish to object to this application for the following reasons:

The site is outside the village boundary and would encroach on our surrounding countryside and the wildlife we are trying hard to preserve.  
When sold it was stated that this was pasture land and it was not sold as potential building land.

Our village is already suffering from an increase in traffic, we have had numerous new houses built in the last 10years which means an increase in household traffic and also commercial vehicles. The road from Whitchurch is particularly affected. I am also concerned about the road to the site from the main road through the village. There is a blind bend with a right turn onto LG47 which serves several houses and beyond. There is no view of oncoming traffic until the manoeuvre is commenced.

I would implore you to give some thought to protecting our village and it's wildlife.
