The following is a comment on application '**P173961/O**' by '**Michael Winston**'

Nature of feedback: Objecting to the application

Comment:

We object to this application for 20 houses on a plot size of 0.92 hectares as the southern boundary extends outside the proposed Burley Gate settlement boundary detailed in the Ocle Pychard NDP Consultation draft document resulting in a significant visual impact and loss of privacy for existing properties to the east of the proposed site.

We have no other objections to the application and will support it if it is brought in line with the NDP proposal chosen by the parish residents at an open day – ie 15 homes on a 0.7 hectare site (including space for a community shop) and defined by the boundaries shown on Plan 4 of the NDP document.
