

Conservation Area Application for Tree Work

Tree Location

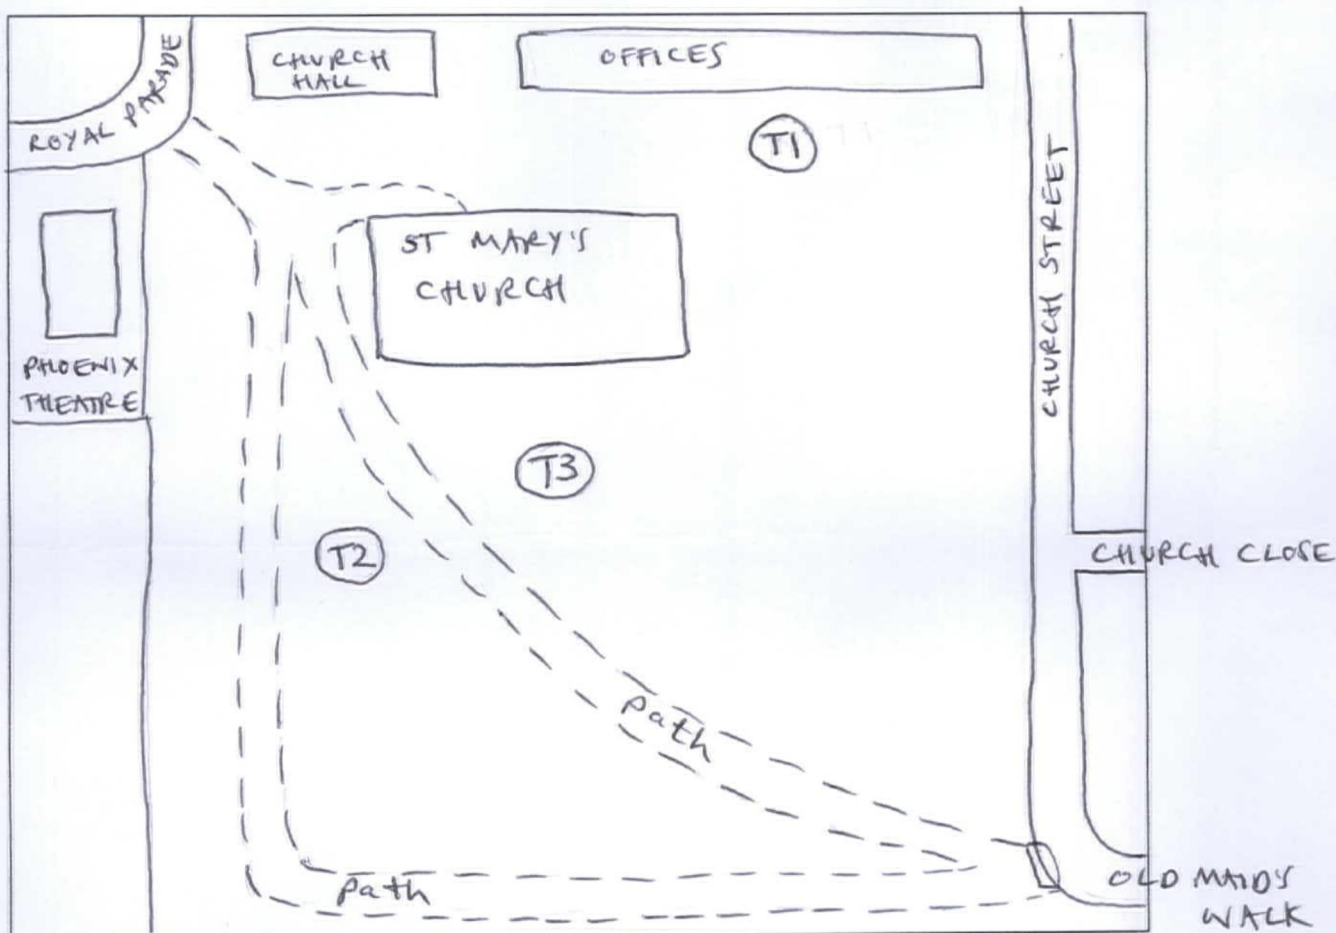

St Mary's Churchyard
Church Row
Ross on Wye
HR9 5HN

Schedule of Work

Remove Conifer in churchyard by Okells Solicitors and grind out stump. This small Conifer has collapsed and is unsightly and will be replaced. Pollard 2 Irish Yews on opposite side of church where branches have bent over from snow damage. They need pollarding back to 8ft as the branches are now overextended and top heavy and there is no structure in the tree.

Sketch map to show trees:

T1 – Conifer to be removed. T2 & T3 – Yews that need pollarding due to snow damage.
