Details of the pre-application advice received

As the proposed extension would be a single storey development and is broadly acceptable in principle, planning permission and listed building consent will be required due to the proximity of the grade II listed building Hallaston Farmhouse.

When considering the proposal and the amount of built development as a result of the proposal, it is considered that the proposal is subservient to the host building. The design is considered acceptable for its context and proposed use to house the working dogs and create a sheltered entry and exit point. In terms of residential amenity due to the small scale of the proposal and the orientation of the neighbouring dwelling the proposal is not considered to increase amenity issues over and above the current situation. Overall, on the information provided to date to the local planning authority, I view the proposal to be broadly acceptable and unlikely to cause significant harm to the grade II listed building.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Is the applicant the sole owner of **all** the land to which this application relates; **and** has the applicant been the sole owner for more than 21 days?

- ☐ Yes
☒ No
