21 May 2014

Dear Mr Grimmett,

**SITE:** Openreach telegraph poles at Blacksmiths Cottage to Llanstephan Cottages, Totnor, Herefordshire, HR1 4TJ

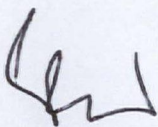

**DESCRIPTION:** Openreach for BT NGA Fibre Broadband work (less than 9 m away from watercourse)

I refer to your Notification request received on 7 May 2014.

On behalf of Herefordshire Council I have no objection to the proposed installation.

Further to our discussion this morning, I would strongly recommend that the contractor commissioned to carry out the work is made aware of the particular sensitivity of the watercourse and to ensure that strict measures are in place to ensure that construction material and waste is stored in a manner to avoid any discharge into the watercourse.

Yours sincerely

**MR S WITHERS**  
**DEVELOPMENT MANAGER**
