Dear Amber,

I hope you are well.

We've been looking at how to accommodate the highway comments within the context of the RPA of the oak tree.

I now attach the amended/additional scheme drawings, which I'd be grateful if you could confirm receipt of and conduct the requisite re-consultation of trees and highway.

In summary, a consequence of amending the access design has been a slight realignment of plot 2 to maintain a separation distance from the access.

I hope this is in order and look forward to hearing from you shortly.

Kind regards

Ed
