File

GENERAL NOTES:

- 1.0 The Cintec anchors are to be obtained from Cavity Lock Systems Ltd (tel no 01633 246614)
- 2.0 The anchors are to be installed by a specialist sub-contractor approved by Cavity Lock Systems.
- 3.0 The length of the anchors are indicative for costing purposes and are subject to re-measurement by the anchor specialist dependent upon site requirements.
- 4.0 All holes are to be cored. The lower/outer 50 mm depth of the core is to be cut off and retained for re-use as a plug. The stone plug is to be glued with CB10T slow set 2 part resin obtained from Rotafix (tel no 01639 730481) and applied strictly in accordance with the manufacturers instructions.
- 5.0 The Client is to provide scaffolding for the work at agreed locations with the anchor contractor.
- 6.0 The direction of span for the floor joists have been assumed. This will need to be confirmed prior to the fabrication of anchors noted 'f'.
