The following is a comment on application **P233225/F** by **John Williams**

**Nature of feedback: Objecting to the application**

---

**Comment:** Hello,

I strongly object to the amendment of the proposed planning in the garden of 182 Ledbury Road no P233225/F.

The green space will be taken away and the built up area will not be in keeping with the surrounding residential area. The wildlife will also suffer.

The building of two more house's with only ONE extra parking space is ridiculous. The one proposed parking space on the amended plan is in fact the original parking space for the original house 182.

The potential of multiple more cars of the people living or renting in the new two proposed dwellings will take up all the parking for the businesses on Quarry Road and will, therefore, have a knock on effect of cars parking in the Ledbury Road slip roads, which is already a big problem as it impacts on my access to my home as they already park all around the turning circles and all down the slip roads it is and makes it hard to get into and out of my driveway.

It is going to be a lot more dangerous on Quarry Road with more cars pulling out of proposed driveways of the new dwellings, and more cars parking on and pulling out of the T junctions.

The house next door to 182, 184 will have a lot more noise and light pollution and it will spoil their now quiet peaceful garden, this will have a detrimental effect on their wellbeing.

There have been a lot of accidents already on this very busy junction and agreeing to building more properties will only add to the already dangerous crossings for local residents, school children and visitors.

From,  
J Williams
