**Subject:** RE: 211357 - The Brookfield School Land Drainage

Hi Charlotte,

I can confirm that the maintenance information provided in the attached email and confirmation that filter chambers will be used within the drainage system is will be sufficient for us to have no objections to the proposed development plans. I think it would be a good idea if they updated the drainage drawings to include the filter chambers so they can be used as reference if/when pp is granted.

Kind regards,

Jenny

Hi Jennifer,

Please see agent's email below and response attached. Do you want a formal recon, or given the narrow nature of the remit will an email suffice?

Many thanks  
Charlotte
