Hi Josh

I confirm that we agree to an extension of time due to the requisite amendments to the design. I am in agreement with the advice offered, the use of glass rather than the render finish. Will forward amended drawings to this end asap.

Kind regards

Brian

Good Morning Brian,

Please see attached comments from the Building Conservation Officer in relation to your application at Warriners Cottage, Bishops Frome.

I have read Hugh's pre-application advice and whilst I do note that no specific details were offered in terms of materials, a glass finish can certainly provide an assist in a reduced bulk and perceived mass of the new work to a minimum and have the lowest impact on the old cottage, given the number of alterations to the cottage in the past.

I will await some amended plans which adhere to Hugh's comments in due course, but please note that we will need to agree an extension of time due to reconsultations.

Kind Regards,
Josh
