Subject: Planning application comment was submitted

The following is a comment on application '**P193967/F**' by '**Darryl Harmer**'

Nature of feedback: Objecting to the application

Comment:

If councillors took the time to research the huge body of science which has proved that chronic exposure to electromagnetic radiation from base stations is detrimental to all biological life, they would stop the installation of 5G.

5G will bring disturbance to every living thing down to a cellular level. Please, at least, look at 'The 5G Appeal' from hundreds of scientists worldwide urgently requesting a moratorium on the rollout of 5G.
