Subject: 171464: Extension to provide customer facilities and relocated ATM room situated under existing store front canopy - Morrisons Supermarket, Station Street, Ross-on-Wye, HR9 7AQ.

Emily

Re your queries on the relocated trolley bays and amended parking at the above attached is a copy of our drawing FL-32 indicating the repositioned trolley

bays and the removal of 3no disabled parking bays to facilitate circulation around the extension.

The disabled bays will be relocated resulting in the loss of 5no standard parking bays

We will be grateful if this information is passed to the area engineer

If there are any queries please contact us

Many thanks

Gerry Lishman
