The following is a comment on application **162920** by '**Ben Johnson**'

Nature of feedback: Objecting to the application

Comment:

I would like to object to the building of more houses at this location ! On the basis that it is a flood plain and spent alot of last year flooded . The infrastructure is not there to accommodate and the proposed new access road is likely to be in the wrong place to suit the city's needs . The environmental repercussions to the surrounding area will be enormous . I hope these points can be acknowledged , thanks Ben Johnson
