Date of Application: 8 November 2018

Application No:
183996

Grid Ref:368248:246505

Proposed development:

SITE: Fromes Hill Services, Fromes Hill, Ledbury, HR8 1HT

DESCRIPTION: Proposed replacement of prefabricated structures with new building to accommodate existing cafe and hairdressers

THE COUNTY OF HEREFORDSHIRE DISTRICT COUNCIL hereby gives notice in pursuance of the provisions of the above Acts that PLANNING PERMISSION has been GRANTED for the development described above in accordance with the application and plans submitted to the authority subject to the following conditions:

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: Required to be imposed by Section 91 of the Town and Country Planning Act 1990.

- 2 The development shall be carried out strictly in accordance with the approved plans (drawing nos. 3993A-01, 3993BP-01), except where otherwise stipulated by conditions attached to this permission.

Reason. To ensure adherence to the approved plans in the interests of a satisfactory form of development and to comply with Policy SD1 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

- 3 During the construction phase no machinery shall be operated, no process shall be carried out and no deliveries taken at or despatched from the site outside the following times: Monday-Friday 7.00 am-6.00 pm, Saturday 8.00 am-1.00 pm nor at any time on Sundays, Bank or Public Holidays.

Reason: To protect the amenity of local residents and to comply with Policy SD1 of Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework

4 Environmental Health:

No development shall take place until the following has been submitted to and approved in writing by the local planning authority:

a) A 'desk study' report including previous site and adjacent site uses, potential contaminants arising from those uses, possible sources, pathways and receptors, a conceptual model and a risk assessment in accordance with current best practice.

b) If the assessment in (a) confirms the possibility of a significant pollutant linkage(s), a site investigation should be undertaken to characterise fully the nature and extent and severity of contamination, incorporating a conceptual model of all the potential pollutant linkage and an assessment of the risk to identified receptors.

c) If the risk assessment in (b) identifies unacceptable risk(s) a detailed scheme specifying remedial works and measures necessary to avoid risk from contaminants/or gases when the site is developed shall be submitted in writing.

The remediation Scheme shall include consideration of the proposals to deal with situations where, during works on site, contamination is encountered which has not previously been identified. Any further contamination encountered shall be fully assessed and an appropriate remediation scheme submitted to the local planning authority for written approval.

Reason: In the interests of human health and to comply with SD1 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

- 5 The Remediation Scheme, as approved pursuant to condition no. (1) above, shall be fully implemented before the development is first occupied. On completion of the remediation scheme the developer shall provide a validation report to confirm that all works were completed in accordance with the agreed details, which must be submitted and agreed in writing before the development is first occupied. Any variation to the scheme including the validation reporting shall be agreed in writing with the Local Planning Authority in advance of works being undertaken.

Reason: In the interests of human health and to comply with SD1 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

- 6 If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the local planning authority) shall be carried out until the developer has submitted, and obtained written approval from the local planning authority for, an amendment to the Method Statement detailing how this unsuspected contamination shall be dealt with.

Reason: In the interests of human health and to comply with SD1 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

- 7 The development hereby permitted should not commence until drainage plans for the disposal of foul and surface water flows have been submitted to and approved by the Local Planning Authority.

Reason: To safeguard the public sewerage system and reduce the risk of surcharge flooding so as to comply with Policy SD4 of the Herefordshire Local Plan – Core

Strategy and the National Planning Policy Framework.

- 8 The scheme shall be implemented in accordance with the approved details before the development is first brought into use. This is to ensure that the development is provided with satisfactory means of drainage as well as to prevent or to avoid exacerbating any flooding issues and to minimise the risk of pollution

Reason: To safeguard the public sewerage system and reduce the risk of surcharge flooding so as to comply with Policy SD4 of the Herefordshire Local Plan – Core Strategy and the National Planning Policy Framework.

Informatives:

- 1 The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against planning policy and any other material considerations, including any representations that have been received. It has subsequently determined to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
- 2 The assessment required by condition 4 should be undertaken in accordance with good practice guidance and needs to be carried out by a suitably competent person as defined within the National Planning Policy Framework 2018. All investigations of potentially contaminated sites to undertake asbestos sampling and analysis as a matter of routine and this should be included with any submission.

ANDREW BANKS
DEVELOPMENT MANAGER

Date: 10 January 2019

YOUR ATTENTION IS DRAWN TO THE NOTES BELOW

Notes

This permission refers only to that required under the Town and Country Planning Acts and does not include any consent or approval under any other enactment, byelaw, order or regulation. In particular consent may be required under the Building Regulations.

The applicant is advised that additional Council Tax payments may be sought in the event that the Valuation Office, who routinely monitor decision notices, consider any part of the development hereby permitted to be self-contained. This assessment is particularly likely to be the case in respect of flats, basement conversions, granny annexes, studio rooms and log cabins and/or where the additional accommodation contains its own kitchen, bathroom and bedroom. Further information can be found on the Council's website at <https://www.herefordshire.gov.uk/search?q=annexes>

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

- If you want to appeal, then you must do so within 6 months of the date of this notice, using a form which you can get from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Right to Challenge the Decision of the High Court

Currently there are no third party rights of appeal through the planning system against a decision of a Local Planning Authority. Therefore, if you have concerns about a planning application and permission is granted, you cannot appeal that decision. Any challenge under current legislation would have to be made outside the planning system through a process called Judicial Review (JR).

The decision may be challenged by making an application for judicial review to the High Court. The time limits for bringing such challenges are very strict, and applications need to be made as soon as possible after the issue of the decision notice. So, if you think you may have grounds to challenge a decision by Judicial Review you are advised to seek professional advice as soon as possible

These notes are provided for guidance only and apply to challenges under the legislation specified. If you require further advice on making an application for Judicial review, you should consult a solicitor or other advisor or contact the Crown Office at the Royal Courts of Justice, Queens Bench Division, Strand, London, WC2 2LL (0207 947 6000). For further information on judicial review please go to <http://www.justice.gov.uk>

The Council has taken into account environmental information when making this decision. The decision is final unless it is successfully challenged in the Courts. The Council cannot amend or interpret the decision. It may be redetermined by the Council only if the decision is quashed by the Courts. However, if it is redetermined, it does not necessarily follow that the original decision will be reversed.

Purchase Notices

- If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.
- In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
