METHOD STATEMENTS

REINSTATEMENT OF SOLE PLATE

The sole plate has already been reinstated (11th May 2023) and was positioned in the original location.

NEW TIMBER SUPPORT POST

The post has already been installed (11th May 2023), having been tightly wedged into position after the first floor had been marginally raised by an "Acroprop". The prop was removed once the post was in position , allowing the floor load to be taken by it.
