The following is a comment on application **202542** by '**Peter Hands**'

Nature of feedback: Submitting a general comment

Comment:

The junction of Breinton Road/Barton Road is even now Dangerous due to staff cars from nursing home and local residents parking both sides of road leaving little room for passing vehicles, especially those larger ones going to water works. The new homes with additional vehicles will cause new issues for this piece of road and the junction. Nursing staff and residents from opposite side of Barton Road all park close to junction. Observations on this need to be made prior to approval
