Comment:

In considering the application to allow this establishment to operate 24hrs per day there are a number of important concerns which need to be addressed.

- i) To open 24hrs per day would affect the quality of life for residents in the immediate area of Stonebow Road, due to the use of a drive-through service and the use of the car park by customers wishing to remain on site.
- ii) The site is within the agreed Community Impact Zone and as such is regulated by the local licensing standards and this would be outside these parameters.
- iii) The car park to this establishment is not only in the immediate vicinity of residential properties, as already indicated, but is in close proximity to the Stonebow Unit which in itself is a sensitive site.
- iv) The monitored Police/Council CCTV system does not cover the car park or its access off Stonebow Road and there is the potential for the site to become a flash point as this will be the County's only 24hr take away venue if granted.
