**Subject:** Little Hereford P182607/F

Dear Andrew,

Further to the feedback from Natural England – foul drainage outfall from package treatment plants connecting to adjacent watercourse deemed unacceptable due to phosphate levels – please find attached our revised site plan for the above planning application, now including cesspits to the rear of the properties. These have been sized by our drainage consultant and sited in accordance with legislation – as such I would be grateful if you could circulate the attached for comment amongst the statutory consultees.

If you need any additional information or have any questions please don't hesitate to get in touch – similarly if there is anything I can do to help expedite the process please let me know and I'll do my best to assist.

Best regards

Tom Froggatt
