Good morning  
I have revised (again) the submitted Design & Access Statement.  
This Rev B dated 4th April is designed to address the subject of storm/surface drainage. I have also appended nos 7 and 8.  
Please use these documents to replace the Design & Access Statement Rev A dated 1st April.  
All the appendices 1 to 8 inclusive are all relevant and give support to this statement.  
The subject of drainage will be an important consideration by your Ecologist within the HRA.  
Any queries, please contact me.  
Regards
