Subject: APPEAL REFERENCE: APP/W1850/W/20/3260641

Dear Ms Matthews,

I wish to lodge my objection to the above Planning Application which I have done already on the first round.

Without going into much detail, I object with every single reason I gave previously, concerning access, increased traffic, proximity to Primary school, design issues, sustainability issues, an already growing demand on local resources and services, etc. I feel that none of the issues raised have been addressed in the applicant's appeal.

Many thanks,

Regards

Angelika Kitchiner
