The following is a comment on application **P222769/F** by **Sylvie Bernabo**

**Nature of feedback: Objecting to the application**

---

**Comment:** I want to object to this construction & Development project. The main reasons are that we are living in quite and rural area and we don't want to be invaded by other unnecessary constructions.

This means : Loss of privacy, overlooking and loss of light, creating traffic and more noise and disturbance and we are living in very quite environment. the landscape around these fields is beautiful and this constructions will ruin the view that we have.

Thank you for your consideration
