<input type="checkbox"/>	Air Quality	<input type="checkbox"/>	Minerals and Waste
<input type="checkbox"/>	Contaminated Land	<input type="checkbox"/>	Petroleum/Explosives
<input type="checkbox"/>	Landfill	<input type="checkbox"/>	Gypsies and Travellers
<input type="checkbox"/>	Noise	<input type="checkbox"/>	Lighting
<input type="checkbox"/>	Other nuisances	<input type="checkbox"/>	Anti Social Behaviour
<input type="checkbox"/>	Licensing Issues	<input type="checkbox"/>	Water Supply
<input type="checkbox"/>	Industrial Pollution	<input type="checkbox"/>	Foul Drainage
<input type="checkbox"/>	Refuse	<input type="checkbox"/>	
<input type="checkbox"/>		<input type="checkbox"/>	

Please can you respond by ..

Comments

My comments are from a noise and nuisance perspective.

Our department has no objections to this proposal on these grounds.

Informative Private Water Supplies

The proposed development may not have access to mains water and be reliant on a private water supply. The applicant is advised that the Private Water Supplies (England) Regulations 2016 (as amended) and the Water Supply (Water Quality) Regulation 2016 are likely to apply. In accordance with these Regulations and the Building Regulations 1984 the water must be of a potable and safe standard. If the supply is to be used for shared or commercial purposes including renting, the Private Water Supplies (England) Regulations 2016 specify that the water supply cannot be used until it has been risk assessed by the local authority's private water supplies team (01432 261761) and found compliant. Applicants that are connecting to existing private water supplies or accessing sources of water on land over which they have no control are advised to give careful and specific attention to contractual/civil arrangements including rights of access, maintenance arrangements, provision of alternative water supply are agreed in writing at the outset.
