The following is a comment on application **202585** by 'Amy Lunt'

Nature of feedback: Submitting a general comment

Comment:

Siting a chicken farm near to a brook and the river Frome seems ill considered. The movement of pollutants such as phosphates and nitrates into nearby water courses needs to be fully considered. We need to aim for improving our precious water courses not worsening them. Surely there's a more suitable sighting for such a chicken farm?
