Hi Ed,

I met our client on site yesterday.

We are waiting for feedback from two window specialists so that we know which windows can be retained, which can be repaired and which will need to be replaced.

The acoustic engineers have been to site and have equipment set up measuring noise levels, particularly from the courtyard. Once we have their report we can make a determination as to an appropriate design strategy for the apartments that overlook this space.

Once we have this we will be able to update our drawings and get the information back to you, but as it's a third party responses that lead things I can't be precise.

Regards,

Mark.

Dear Mr Hobbs,

With Christmas and New Year in mind do you have an estimate for the date by which you'll be able to provide the additional information we have discussed previously?

Kind regards  
Ed Thomas
