The Ramblers Association have no objections to the proposal as put forward by this Planning Application.

However I would seek clarification on the following points:

Sheet 3. The proposal is to alter the junction of the Cycleway and Merry Hill Lane, if travelling south along the cycleway, will users be able to turn eastwards to access Grafton Lane?

The Temporary Closure of HA7 and its routing along Merry Hill Lane would also need the access through to Grafton Lane. Further with concerns for HA7 I would request that a path is provided within the field adjoining Hayward Lane so as to limit the amount of road walking that pedestrians would be required to undertake to reach Merry Hill Lane. If so could access to bridleway HA6 also be provided?

Sheet 9. The provision of the new bridleway is very welcome but will it be a permanent dedication or just a temporary expedient whilst construction works are taking place?
