21<sup>st</sup> October 2022

Dear Mark,

The cost to complete tree work in your garden will be [REDACTED]

The work plan will include:-

- Removing the three Birch trees by the barn
- Reduce the two boundary Birch trees by approx. 20%
- Remove the Rowan tree on the lawn
- Prune and tidy the mature Magnolia tree
- Prune your neighbours Acacia away from the house and phone lines

All waste will remain on site in manageable sections.

On acceptance of this quotation, you will be receiving a professional and courteous service from a fully qualified and experienced team, who all carry the relevant industry NPTC qualifications. We are covered by public liability insurance of £5 million and employer's liability insurance of £10 million, proof of which can be confirmed at your request. Finally, all our work is carried out to British Standards BS 3998 and we take pride in annually renewing our membership with the Arboricultural Association which allows us to stay at the forefront of industry best practice.

Any queries on the above do not hesitate to get in contact.

Kind regards

Alan Jones
