

Planning application comment was submitted on the **25 April 2024 20:01 PM**

The following is a comment on application **P240895/PA7** by **Meg Price**

**Nature of feedback: Objecting to the application**

---

**Comment:** I am writing to object this current planning application.

Firstly, the location of where the mast is to be sited is in an area of outstanding natural beauty. There are many walking paths and public rights of way surrounding the area that I use regularly and to see a mast would be a real eyesore. Why should the surrounding properties have to suffer the view when there must be alternative places to locate the mast (if it is really needed) where it would not affect anyone?

The wildlife and plants around the surrounding area is in abundance. The habitats of many plants and animals would be destroyed and we, as a community, should be doing our best to look after and protect the many species for years to come.

There are also negative health consequences to consider. There are many families with young children who live near the area aswell as a special educational facility who may be adversely affected.
