**Subject:** Planning application comment was submitted

The following is a comment on application '**P192515/RM**' by '**Doe Middleton**'

**Nature of feedback:** Objecting to the application

**Comment:**

I am objecting to this planning application on the following grounds.

1. Titley has a linear development and this new -build of 5 large houses is not in keeping with the character of the village nor is it what the inhabitants of Titley want or require. It is also goes against the principles of the neighbourhood plan.
2. Being at the entrance to a grade 2 listed parkland, close to a listed farm house, barn conversions and opposite the Lodge, which is of a unique design, makes it totally out of keeping.
3. The style and materials of the builds are alien to the rest of the village and represent an urban-style of homogeneous development which architects consider to be a "rural idyll" it is not found anywhere else in the village and in a few years the weather boarding will be grey.
4. The question of road safety hangs over this development and causes great unease in the village. Even planning inspectors themselves are divided. The threat to road safety, the fact the the development is completely at odds with the neighbourhood plan and of a scale, style and design and intrudes into the environs of the historic Eywood Parkland makes this impossible to support.
